**SCIE MONTHLY REPORT: FANUCHĀNAN 2022**  
**September 15, 2022**

The Committee held its last meeting on 9/7//22.

- 1) Draft resolution 22-02 is on the agenda for presentation
- 2) Continue to review the 8-week course offerings and impact – this aligns with WSCUC report
- 3) Review credit creep within programs and an increase in program offerings that may not have the faculty to support – this aligns with WSCUC report
- 4) Palulap request for nominations will go out this by October
- 5) We'd like to work with Jonas' office to make the past Palulap recipients visible on the website – currently it is three clicks deep to even find the definition of the award – and that's if you know where to look.
